- \$187. monthly for 12 months 2-3 Users
- \$297. monthly for 12 months 4-6 Users
- \$400 monthly for 12 months 7-10 Users

TRAIN THE WHOLE TEAM

Due to overwhelming demand for our Train the Team special, we have added ALL size teams! No matter if you're a lone ranger or an entire squad... we have a training package for you.

For over 30 years now The Automotive Management Institute (AMi) has been one of the leading information providers, offering a variety of premier management training modules in both the Collision and Mechanical segments of the Automotive Industry. Not only do we offer live instructor-led training at events across the United States, but we also provide a year-round online Learning Management System (LMS) which holds over 500 offerings available to everyone who takes training seriously and realizes the true value when it comes to learning.

Training does not cost, it pays!

The Train the Team Subscription Special is a new program at AMi where any "team" of people within a repair facility (1 team member or more) will begin the learning path to maximize their potential.
