

Finding time away from work to sharpen your management skills can be difficult, and at times, impossible. To provide business management education to meet the demands of your busy lifestyle, AMI offers several self-study courses developed especially for the automotive service professional.

Achieve your business and career goals with our convenient self-study courses. Each self-paced course offers credits towards the [Accredited Automotive Manager \(AAM\)](#) designation.

### Get Started with the Required Course

**The Automotive Service Management course** is a requirement for the Accredited Automotive Manager (AAM) designation and is only available in a self-study format. The course is an

introduction to three of the most critical business development skills every shop owner/manager needs:

- Sales and marketing
- Personnel management
- Business management
